MATERIAL DESCRIPTIONS

PROCESSIBLE WASTE:

Processible waste is any waste generated by a household or business within Warren County that may be legally disposed of at the 4 sites identified above. This shall include but not be limited to, all putrescible and non-putrescible materials or substances discarded or rejected as having served their original intended use or as being spent, useless or in excess to the owner at the time of discard or rejection, including garbage, refuse, litter, rubbish, but not including designated recyclable material, solid or dissolved matter in domestic sewage, hazardous materials or waste, or radioactive waste.

NON-PROCESSIBLE WASTE:

Waste which cannot be processed by the facility due to its physical characteristics or potential harmful effects, including but not limited to: steel banding, baling wire, solvents, tree trunks, logs greater than 6 inches in diameter or 4 feet in length or other overweight or bulky waste, gasoline, kerosene, propane tanks in any size, aerosol cans in quantity, motor vehicles or major parts thereof, trailers, agricultural equipment, marine vessels or similar items, farm or other large machinery, liquid wastes non-burnable construction mixed or separated material, and waste, except for paper products from the following establishments: service stations, auto paint shops, chemical plants, plastic processing plants, and textile plants.

C&D:

Debris generated during the construction, renovation, and demolition of buildings, roads, and bridges. C&D materials often contain bulky, heavy materials, such as concrete, wood, metals, glass, and salvaged building components.

RECYCLABLES:

Recyclables means materials derived from or otherwise destined to become solid waste. Recyclables shall be those materials mandated by the Warren County Solid Waste Management Plan (See A through F).

- A. Old newsprint (ONP)
- B. Old corrugated cardboard/kraft paper (OCC)
- C. Aluminum foil and used beverage containers
- D. Ferrous metal cans (tin)
- E. Glass - flint (clear); green, amber (brown)
- F. Plastics - # 1 - PET Bottles and #2 - HDPE jugs only
- G. Auto Tires

CERTIFICATION

Non-Collusive Certification required of all bidders under Section 103-d of the General Municipal Law as amended by Chapter 675 of the Laws of 1966, and further amended by Chapter 56 of the Laws of 2010, effective June 22, 2010.

- (a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party thereto certifies, as to its own organization, under penalty of perjury, that to the best of knowledge and belief:
- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
 - (2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
 - (3) No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.
- (a-1) Notwithstanding the foregoing, the statement of non-collusion may be submitted electronically in accordance with the provisions of subdivision one of section one hundred three of the General Municipal Law.
- (b) A bid shall not be considered for award nor shall any award be made where (a) (1) (2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth, in detail, the reasons therefor. Where (a) (1) (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.
- (c) The person signing this bid or proposal certifies that he has fully informed himself regarding the accuracy of the statements contained in this certification, and under the penalties of perjury, affirms the truth thereof, such penalties being applicable to the bidder as well as to the person signing on its behalf;
- (d) That attached hereto (if a corporate bidder) is a certified copy of resolution authorizing the execution of this certificate by the signatory of this bid, or proposal, on behalf of the corporate bidder.

BID REQUEST/SPECIFICATIONS

CERTIFICATION OF COMPLIANCE WITH THE IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (the "Act"), Chapter 1 of the 2012 Laws of New York, a new provision has been added to State Finance Law (SFL) § 165-a and New York General Municipal Law § 103-g, both effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law) (the "Prohibited Entities List"). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date at which time it will be posted on the OGS website.

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the OGS website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to SFL § 165-a(3)(b).

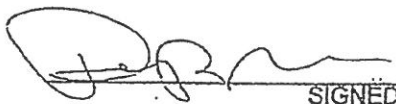

Additionally, Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS Website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a contract and subsequently appears on the Prohibited Entities List.

I, Patrick Martino, being duly sworn, deposes and says that he/she is the Public Sector Representative of the Waste Management of New York, LLC.

Corporation and that neither the Bidder/Contractor nor any proposed subcontractor is identified on the Prohibited Entities List.

SUBJECT: **ADDENDUM #1: WC 50-22 - DISPOSAL AND HAULING SERVICES FOR MUNICIPAL SOLID WASTE & RECYCLABLES**

=====

Please sign and return the following to our office with your proposal:

I, Patrick Martino, of

Waste Management of New York, LLC (Company) have received the following addendum and will include it with the above quote.

Addendum:

The following questions have been submitted relative to the above-referenced specifications. Answers are provided herein.

- Q1. Page 3. - Section 2. Nature and Quantity of Municipal Solid Waste and Recyclables - As these tonnages are stated to be from 2018 and 2019, can the County provide updated tonnages?
- A1. See attached data from 2020 (2021 data is not readily available). Please note that the tonnages referenced are as reported to DEC. A "0" does not necessarily mean an item won't be included in the contract. See specifications for 2018/2019 data which is our most current information for these items.
- Q2. Page 4. E - Solid Waste and Recyclables Quantities Estimated and Committed... - To clarify, it is understood that the County cannot guarantee the volume of material, however, it is a little less clear what factors will be used by the municipalities in whether they will utilize the contract?
- A2. Municipalities have the option of participating or not participating in this contract. If they opt in, then they are committed to utilizing the contract for any and all items awarded for their site.
- Q3. Page 4. F - Equipment - For the containers provided by the municipalities, can the County or municipality guarantee that these containers are in good repair and can be safely hauled?
- A3. The County repairs containers upon notification of damage by the Transfer Stations. We make every effort to ensure that deployed containers are in good repair and can be safely handled.

Q4. Page 4. - Section 3, A. Term of Contract, Extension - Due to the accommodation of guaranteeing space at our facilities, it makes it problematic to have an agreement that can be terminated for any reason. For this reason, we ask that the provision be adjusted to limit termination for deficiency in service following Contractor's opportunity to cure said deficiency. Would the County consider removing the provision that the contract may be terminated upon 90 days by either party?

A4. Yes, the County will consider this request.

Q5. Page 10. E Contractor's Responsibility - As containers age, is it agreeable to the County that the Contractor only hauls containers that can be safely hauled, or hauled without causing damage?

A5. Yes, however, the County will make the final determination as to whether or not the containers may be safely hauled.

Q6. Page 5. C. Disposal Facility Requirements - Would the County clarify that the facility must accept all acceptable solid waste or recyclables...? Also, if any loads were to be turned away, would an e-mail be an acceptable form of written notice?

A6. Whatever material contractors are awarded via the bid, are the materials they would be required to accept under the contract. The County has separate bids for electronics and hazardous material, so those items should never be brought to facilities awarded this bid. Yes, an e-mail would be an acceptable form of written notice.

Q7. Page 10. F. Insurance Requirements - This section references that a copy of certificates and/or copies of policies may be requested by the County. It is certainly standard that Certificates of Insurance are provided, however, actual policies are not. Would a Certificate of Insurance satisfy this requirement?

A7. The County only requests Certificates of Insurance for contractual purposes, but it's standard procedure to reserve the right to request policies.

Q8. Page 11. G. Indemnification Requirement - Would the County consider mutual-fault based indemnification? We have found the following to be standard in the industry:

"The Contractor agrees to indemnify, save harmless, and defend the County from and against any and all liabilities, claims, penalties, forfeiture, suits, and the costs and expenses incident thereto (including costs of defense, settlement, and reasonable attorneys' fees), which it may hereafter incur, become responsible for, or pay out as a result of death or bodily injuries to any person, destruction or damage to any property, contamination of or adverse effects on the environment, or any violation of governmental laws, regulations, or orders to the extent caused by Contractor's employees, or its subcontractors breach of any term of or provision of this Agreement, or any negligent act or omission, or act of willful misconduct by the Contractor's or its employees, or its subcontractors in the performance of this Agreement. The County agrees to indemnify, save harmless, and defend the Contractor from and against any and all liabilities, claims, penalties, forfeiture, suits, and the costs and expenses incident thereto (including costs of defense, settlement, and reasonable attorneys' fees), which it may hereafter incur, become responsible for, or pay out as a result of death or bodily injuries to any person, destruction or damage to any property, contamination of or adverse effects on the environment, or any violation of governmental laws, regulations, or orders to the extent caused by County's breach of any term of or provision of this Agreement, or any negligent act or omission, or act of willful misconduct by the County or its employees in the performance of this Agreement. In no event, whether in contract, tort or otherwise shall either party be liable to the other for any special, indirect, incidental or consequential damages."

A8. Yes, the County will consider mutual-fault based indemnification.

Q9. Page 12. J Assigning - Would the County consider adding "which shall not be unreasonably withheld" to the end of this section? Further, would the County add "Successful Bidder shall have the right to assign this Agreement without the consent of the County or municipality in the event of a corporate reorganization, merger or transfer of substantially all of Successful Bidder's assets."?

A9. Yes, the County will add this language.

Q10. Page 15. Material Descriptions - Would the County agree that the definition of Solid Waste and Recyclables is to be consistent with the NYS DEC? Further, does the County agree that title to unacceptable or hazardous waste would remain with the generator?

A10. Yes to the first question. Yes to the 2nd as long as the material is not removed from a County or Town site. Once removed, it will no longer be the property of the generator.

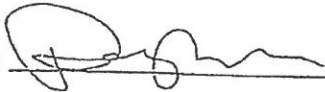

Q11. Miscellaneous - Force Majeure - Would the County consider adding Force Majeure to handle uncontrollable circumstances? We have found the following to be standard language in the industry:

"Except for the obligation to make payments hereunder, neither party shall be in default for its failure to perform or delay in performance caused by events or significant threats of events beyond its reasonable control, whether or not foreseeable, including, but not limited to, strikes, labor trouble, riots, changes in applicable laws or regulations and interpretations thereof, imposition of laws or governmental orders, pandemics, fires, acts of war or terrorism, acts of God, and the inability to obtain equipment, the affected party shall be excused from performance during the occurrence of such events. Contractor shall be entitled to an equitable adjustment in price in the event of the occurrence of a Force Majeure Event that increase the cost of performing its obligations under this Agreement, provided that if the Force Majeure delays performance for longer than thirty (30) days, the County shall be entitled to seek replacement service from another hauler for the term of the Force Majeure."

A. Yes, the County will add this language.

All other terms and conditions of the bid shall remain the same. If you have any questions, please contact me at (518) 761-6538.

General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500.00).

Building service employee includes, but is not limited, to, watchman, guard, doorman, building cleaner, porter, handyman, janitor, gardener, groundskeeper, stationary fireman, elevator operator and starter, window cleaner, and occupations relating to the collection of garbage or refuse, and to the transportation of office furniture and equipment, and to the transportation and delivery of fossil fuel but does not include clerical, sales, professional, technician and related occupations.

Building service employee also does not include any employee to whom the provisions of Article 8 are applicable.

Responsibilities of the Public Agency

A Public Agency means the state, any of its political subdivisions, a public benefit corporation, a public authority or commission or special purpose district board appointed pursuant to law, and a board of education.

The Public Agency responsible for preparing the specifications for a building service contract must file a statement identifying the types of employees and work to be performed with the New York State Commissioner of Labor, or other fiscal officer (NOTE: The New York State Commissioner of Labor is the fiscal officer on all building service contracts except for those performed by or on behalf of a city, in which case the fiscal officer is the comptroller or other analogous officer of the city).

A separate filing is required for every building service contract. Only one filing is required for each contract, regardless of the duration of the contract. To file with the Commissioner of Labor, the Public Agency MUST submit a Request for Wage and Supplement Information" form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

In response to each filing, the Bureau of Public Work will assign a Prevailing Rate Case (PRC) number to each building service contract, and will issue a Prevailing Wage Schedule setting forth the wage rates required to be paid for work performed and the expiration date of those rates. If work on the contract continues beyond the expiration date set forth in the Wage Schedule, new rates and expiration dates will be made available online as part of the original PRC Prevailing Wage Schedule determination automatically, without further filings or requests from the Public Agency.

The Public Agency must include in the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Upon the awarding of the contract, the law requires that the Public Agency furnish the following information to the Bureau of Public Work: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Bureau's "Notice of Contract Award" form (PW 16.9) is provided with the original Prevailing Rate Schedule. The Public Agency is required to notify the Bureau of the completion or cancellation of any public work building service contract. The Bureau's PW 200.9 form is provided for this purpose.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rate. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times his prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule provided with the awarded contract. In no event shall the basic hourly cash rate of pay be less than the statutory minimum wage or in a city with a local law requiring a higher minimum wage on city contract work, less than the minimum wage specified in such local law.

The Commissioner of Labor makes an annual determination of the prevailing rates, which is in effect from July 1st through June 30th of the following year. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

If a prime contractor on a public work contract has not been provided with a Prevailing Rate Schedule, the contractor must notify the Public Agency who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work.

Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us. www.labor.ny.gov.

Upon receiving the original schedule, the Public Agency is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification. Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, canceled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 9, Section 237 of the Labor Law. The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Law, Article 9, Section 237).

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work contract failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 235.2 of the Labor Law to so notify the financial officer of the Public Agency that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Public Agency shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work contract.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeymen in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 9, Section 231-7a, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 9 of the Labor Law) constitute a misdemeanor punishable by fine or imprisonment, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 9, Section 239-1).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 9, Section 239-2).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 9, Section 239-3).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 9, Section 239-4).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Introduction to the Prevailing Rate Schedule

Introduction

The Labor Law requires public work contractors and subcontractors to pay a service employee under a contract for building service work for a public agency, a wage of not less than the prevailing wage and supplements (fringe benefits) in the locality for the classification(s) in which the worker was employed. Such a public work building service contract must be in excess of one thousand five hundred dollars (\$1,500).

Requesting a Wage Schedule

For every building service contract, the public agency must file a statement identifying the types of employees and work to be performed by submitting a Request for Wage and Supplement Information form (PW 39) to the Bureau of Public Work, either online, by fax, or by mail.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year.

The Public Agency must include the specifications for each building service contract the PRC number assigned to such contract and stipulation obligating the contractor to pay not less than the wage rates set forth in the Prevailing Wage Schedule issued under that PRC number.

Hours

A building service employee, employed by a contractor, shall work up to eight (8) hours in any one day and up to forty (40) hours in any workweek for the appropriate posted prevailing wage rates. A building service employee who works more than eight (8) hours in any one day or more than forty (40) hours in any workweek shall be paid wages for such overtime at a rate not less than one-and-one-half (1.5) times the prevailing basic cash hourly rate.

Wages and Supplements

The wages and supplements to be paid and/or provided to a building service employee, employed on a public work contract shall be not less than those listed in the Prevailing Rate Schedule.

A supplemental benefit of 'paid time off' shall be provided as paid leave, or converted to an hourly value paid to the employee. If 'paid time off' is converted to an hourly monetary value, such an amount is to be paid in addition to any other hourly supplements required by this schedule.

The hourly value for 'paid time off' would be calculated as follows: hourly wage rate X 8 hours per day X total number of paid days off divided by 2080 hours. For example: \$16.00 per hour wage rate X 8 hours per day = \$128.00; \$128.00 X 5 paid days off = \$640.00; \$640.00 divided by 2080 hours = \$0.31 per hour. The \$0.31 per hour amount would be in addition to any other required supplemental monetary amount paid.

All 'paid time off' provided to part-time employees, shall be prorated (divided, distributed, or assessed proportionately) based on fulltime equivalent hours.

The amount of 'paid time off' for part-time employees, would be calculated as follows: number of part-time weekly hours divided by 40 fulltime weekly hours = percentage of 'paid time off' for part-time employee. For example: a fulltime employee works 40 hours per week and a part-time employee works 30 hours per week (30 hours divided by 40 hours = .75); If a fulltime employee is provided 5 paid vacation days (5 X .75 = 3.75), a part-time employee would be provided 3.75 paid vacation days.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the projects date of completion. Additionally, as per Article 6 of the Labor Law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

At a minimum, payrolls must show the following information for each person employed on a public work project: Name; Address, Last 4 Digits of Social Security number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Payroll records and transcripts are required to be kept on site during all the time that work under that contract is being performed.

NOTE: For more detailed information regarding Article 9 prevailing wage contracts, please refer to "General Provisions of Laws Covering Workers on Article 9 Public Work Building Service Contracts".

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

NEW YORK STATE DEPARTMENT OF LABOR
Bureau of Public Work - Debarment List

**LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE
AWARDED ANY PUBLIC WORK CONTRACT**

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements;
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements.

The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = New York State Department of Labor; NYC = New York City Comptroller's Office; AG = New York State Attorney General's Office; DA = County District Attorney's Office.

Debarment Database: To search for contractors, sub-contractors and/or their successors debarred from bidding or being awarded any public work contract or subcontract under NYS Labor Law Articles 8 and 9, or under NYS Workers' Compensation Law Section 141-b, access the database at this link: <https://applications.labor.ny.gov/EDList/searchPage.do>

DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

§220. Subd. 8

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and notwithstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

LEASE AGREEMENT – SKI BOWL CONNECTOR TRAIL PARCEL – 2022 - 2023

LEASE AGREEMENT, dated October 30, 2022 ("Lease") between **THE TOWN OF JOHNSBURG**, a governmental entity, having an address at P.O. Box 7, North Creek, New York 12853 ("the Town"), and **FRONTSTREET MOUNTAIN DEVELOPMENT, LLC**, a Delaware limited liability company, having an address at P.O. Box 142, Darien, CT 06820 ("FrontStreet").

RECITALS

A. **WHEREAS**, the parties hereto are parties to the Real Estate Agreement (Ski Lift Parcel) dated February 5, 2009 and Amendments relating thereto ("Real Estate Agreement"), which was recorded in 2009 in the Warren County Clerk's Office, Queensbury, New York;

B. **WHEREAS**, the parties are parties to the Master Agreement dated November 3, 2005 ("Master Agreement"); and

C. **WHEREAS**, pending the completion and construction of the ski trails contemplated by the Master Agreement, the parties wish to allow the Town to use the property described in Exhibit A (the "Ski Bowl Connector Trail Parcel") subject to the terms of the Real Estate Agreement and subject to the terms of this Lease.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing recitals, the agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1. Lease.

(a) For a period commencing with the signing of this Lease and ending on October 1, 2023 or until the ski trail construction contemplated under the Master Agreement has been completed, whichever occurs first, FrontStreet will grant to the Town the unlimited use of the Ski Bowl Connector Trail Parcel more fully described in Exhibit A.

(b) During the term of the Lease the Town may make any improvements to the Ski Bowl Connector Trail Parcel as it deems fit with no obligation to return the land to the state which existed prior to the commencement of the Lease.

(c) The rent payable to FrontStreet for the term of the Lease will be one dollar (\$1.00).

Section 2. Indemnity. The Town will be wholly responsible for any claims made by third parties in connection with its use of the Ski Bowl Connector Trail Parcel and will fully indemnify and hold FrontStreet harmless for and against any such claims.

Section 3. Counterparts. This Lease may be executed in any number of counterparts and each such counterpart shall be considered an original and an enforceable agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the day and year first above written.

Cedarwood - Fall 2022

For landfill post-closure monitoring reports for 2023 we are adjusting the not to exceed rates as follows:

- Routine Sampling Post-Closure Monitoring Report: **\$1,750**
- Baseline Sampling Post-Closure Monitoring Report: **\$2,250**
 - The fee is higher for baseline sampling as there is a lot more data input and evaluation required versus the standard routine sampling events.

This does not cover any laboratory fees which are typically handled between the lab and the respective Town. The fee does cover the following:

- Completion of the post-closure monitoring report and submission to the Town and NYS DEC.
- One site visit per year for a visual inspection of the landfill.
- Coordination with the labs to ensure they sample the correct parameters each year (prior to the sampling event).

Again, these are also not to exceed numbers, so if a landfill report does not require the full time allocated for the above estimate, we would only bill for the time it takes to complete the report (e.g.: If a landfill required reduced parameter sampling which would take less time to input data and interpret/review the analytical data than the full routine or baseline sampling event).

Pricing is valid for one year.

\$775 SAFETY ALLOTMENT

OBJECTIVE	The addendum below is to help the employee use their Safety Allotment money with no out of pocket cost, a total amount of \$775 each year, to be used solely for dental, eyecare, work shoes, safety equipment, protective clothing and / or prescription drug expenses.
ADDITION	You will be able to go to the participating businesses and bill safety equipment directly to the town.
COMPANY NAMES	SEE ATTACHED APPENDIX A – MAY BE UPDATED BY BOOKKEEPER OR SAFETY OFFICER
EMPLOYEE LIST	UP TO DATE EMPLOYEE LIST HAS BEEN GIVEN TO ABOVE LOCATIONS The town Safety Officer will be responsible for making the changes to the employee list and getting them out to participating locations. The employee will also be required by the above locations to present ID before being allowed to make charges to the town.
EMPLOYEE RESPONSIBILITY	Receive a copy of your receipt and turn it into the town Bookkeeper or Safety Officer for fund tracking. Any overspending above the annual calendar year amount of \$775 is the employee's responsibility. Employees who over-spend will be asked to reimburse the town for the amount over-spent. Non-compliance with this request may result in disciplinary action.
HOW IT WORKS	The employee will use their name as a PO# when charging items to the town. This can only be done at the businesses listed on Appendix A. Employee will retain the receipt showing item purchased and total amount, making certain taxes were not charged. Employee will turn receipt in to the town Book Keeper, who will track balances and provide quarterly reports. The employee or their supervisor can request their balance at any time through the Bookkeeper. The employee will be responsible for over spending. That will be an out of pocket cost to them. The business will then send a bill directly to the town hall.
NOTICE	COMPANIES NOT IN THE BILLING PROGRAM Previous guidelines are to be followed with the reimbursement process if the employee purchases from a company that is not listed above. If the employee would like to have a new business on the direct billing program, the employee should forward contact information for that business to the Safety officer or Town Hall and they will follow up. The employee has until the end of December to use their Safety Allotment but it is preferred if they can use it by December 1st for record keeping.

Subject: Airport Road naming (Whitson)
Attachments: airport.rd.whitson.request.letter.docx; Resolution No. 32 of 2022 Private Road naming.docx

Jean,
Ryan Whitson (copied) is the new owner of the Bennets airfield property. The Warren County Office of Emergency Services won't provide him with a 911 address because "Airport Road" was never officially named. Upon further inspection, they are requesting that two other roads be named on the property. We're requesting a Town Resolution be presented to the Board to make it official. I'm going to have Ryan sign the attached document...can you confirm that this will be acceptable for this request? I can make changes if needed. I've also attached a sample resolution for naming of roads...the County provided it as an example, just for your review.
Ryan, as long as Jean doesn't have any issues with this document, can you print/sign the first page and email it back to us?
Thanks to all, -Colin

Historical Research:

APNYS Region 5 Coordinator held a meeting on May 6th which I was unable to attend. The focus was on the 250th Anniversary (2026?) of the American Revolution. The NYS Historian Devin Lander has asked that we gather information about the American Revolution as it relates to our towns. Although, Johnsbury does not have a lot of history with this, there are Revolutionary soldiers buried here and I will focus on them. At our Warren County Municipal Historians' meeting John Berry, Queensbury Historian, was approved as the leader and he provided names of Revolutionary soldiers who are buried in each town. **Continuing.**

Researching Johnsbury hotels and lodging over the years for Warren County Planning for website, Amanda Beck contact. I've shared photos and information with her. Nothing in July or August but this is **continuing.**

Historical Publications & Exhibits:

On September 10th for Johnsbury History Weekend I arranged an exhibit of "old time crafters" with David Newkirk making corn brooms, Alonzo Conlon with his hay rakes, a treadle sewing machine on display and samplings of "Johnsbury Red (or Brown) paint.

Historical Events/Celebrations:

The Town of Johnsbury History Weekend was held September 9-11. I participated in all of the events; Waddell House historic marker installation, my exhibit above, the Gem Radio graveyard walk, and the T. Roosevelt reception on Sunday.

Historical Preservation Projects:

Cemeteries: This spring, I presented a list of cemeteries and burial sites in the Town of Johnsbury to the Town Board and discussed some concerns about them especially the need for a fence at the north end of the Wevertown Cemetery. Nothing was decided but Supervisor Andrea Hogan and I met via Zoom on June 3rd and talked about the possibilities at the Wevertown Cemetery. We will continue to discuss, research, review the NYS cemetery law, and bring suggestions forward about this cemetery. The last burial there was 1936. This cemetery has someone from the American Revolution, War of 1812, Civil War, and WWI buried there. This may be a focus for the 250th anniversary of the Revolution, since Johnsbury did not exist and to my knowledge no Revolutionary activities took place here. There are four Revolutionary soldiers buried in the town.

I have discovered that a survey was completed on the Hack Cemetery in the 1890's. I will contact the county to see if it is on file. I will also ask about other maps that may help us with the cemeteries. **Pending.**

We, the Johnsbury Cemetery Volunteers, use Facebook and email to share times and places we will be working. Sharon and Ken Hammond continue to work at Union Cemetery. The key members of the Johnsbury Cemetery Volunteers are me, Sharon & Ken Hammond, Ron & Kathy Allen, and Iva Loomis. We have ordered and received the tripod approved by the town and will begin work again in the spring of 2023.

Heritage/Tourism Projects:

I am working with JHS as the Town Historian on research and as Treasurer of JHS to get the house/museum ready for opening hopefully in 2023.

Conferences/Workshops/Webinars Attended:

Sept. 9: Warren County Municipal Historians' meeting arranged by Warren County Historian, Stan Cianfarano. The upcoming 250th Anniversary in 2026 of the American Revolution, Revolutionary War burial sites, the county cemetery project, and various historians' activities were discussed.

Sept. 19-21: Association of Public Historians of NYS (APHNYS) annual conference (via Zoom).

Oct. 28: Tour of the genealogical and local history section of the NYS Research Library in Albany.

Inquiries:

September:

Jim Ross of Texas requested a meeting to review his wife's (Enid Lackey) ancestors (Lackey, Fuller, Bartman, Smith) who lived in Johnsbury. We met in October and they were able to see the files and take photos of the photos and information relating to her ancestors. This Jim Ross has no known connection to the Jim Ross of Johnsbury.

Stan Cianfarano, Warren County Historian, requested an historic photo from each Warren County historian for a 2023 calendar that is planned. I sent one of "Tally Ho" at Riverside.

Stan also asked us for 5 important historic dates. I sent the following:

1805 - Johnsbury becomes a town. Named after John Thurman.

1871 - Completion of the sixty-mile line of train track that brought the railroad from Saratoga Springs to North Creek. Dr. Thomas Durant held the Adirondack Railroad Company charter.

1878 - The beginning of garnet mining on Gore Mountain.

1893 - Discovery of the Johnsbury Paint Beds by D. M. Haley.

1934 - March, Reverend J. F. McMahon, priest of St. James Catholic Church at North Creek, agreed to purchase the property that would become the North Creek Ski Bowl. The agreement was that the Town of Johnsbury would purchase the property from him. This happened in November 1935. The deed gave ownership to the North Creek Park District.

October:

Met with Mary Sue McCarthy and worked with her on her Dennis McCarthy ancestors.

Franklin Bennett asked for information leading to proof of his grandmother, Charlotte Harvey's third marriage. I could not find anything.

Susan Post who is writing a book asked for information on North River. Her grandfather was Fred J. Harrison who worked for Barton's Mines and then started a gravel pit off 13th Lake Road and went into business for himself.

I am still working on this. I have found some of what she wants.

Research/Items received from others:

Ginney Linden whose Putraw family lived in North River in 1908 has been sending photos of the area and the Putraw home, plus family information to me.

Raymond Flanigan has sent information about Father McMahon to me.

Greg Schaefer shared a story from 1925-1928, "It Happened in North Creek", written by Mary E. Flanigan Nolan.

Joann Morehouse gave me old newspaper clippings and papers plus some photos.

Other:

Andrea and I met and discussed the condition of the records room and whether the records are treated properly, how to know what should be with the Town Clerk and which should be with the Historian. We also discussed the possibility of applying for a NYS Local Government Records grant. Jean Comstock and I talked about this at the beginning of the year and have been tracking the temperature and humidity in the records room. I found information on the NYS Archives website defining what records belong where. I will start with this. We also reached out to the county historian and the Town of Lake George supervisor and the historian. LG town and village received a grant to improve their shared records room.

The Geneseo History Department sent a letter looking for placement for interns. I have not followed up on this.

Plans for 2022:

Respond to all inquiries and requests. Ongoing.

Continue work and research on the cemeteries.

Complete an inventory of the historian's records, books, and files.

Continue to monitor The History Mapper Project by Warren County Planning/GIS for updates, additions.

Help the Johnsbury Historical Society, Depot Museum Society, Warren County Historical Society, GEM Radio Theatre, with projects as much as is reasonable.

Update the Historian's bulletin board in the library.

Respectfully submitted November 14, 2022.
